Cathy,

Thank you so much for the quick response.

Jennie,

Please let me know if you would like to discuss once you review the request.

Thank you,
Melissa

Hi, Melissa.

I am going to pass this on to our State and Congressional Liaison for Pennsylvania, Dr. Jennie Saxe. The Liaisons are the 'one stop shop' for elected officials and their staff in EPA Region III and can help you navigate our offices and issues here.

Jamie - you likely have my correct contact info for my official 'home' position as Region III's Director of State and Congressional Relations. However, I am currently on a temporary assignment as Deputy Director for the Water Protection Division. You are in good hands with Jennie. FYI - I will work with Jennie to get you the information from your earlier inquiry regarding the NPDES permit issue.

Thanks,
Cathy

Catherine A. Libertz, Deputy Director
Water Protection Division
USEPA Region III
215-814-2737

Catherine,
Jamie Boone in my office passed along your contact information. We have a constituent company (H.C. Gabler, Inc.) that is waiting on the Army for a BRAC land conveyance so that they can expand their facilities. This transfer seems to be taking an abnormally long amount of time (a decade in the making) and Army has indicated that the decision is held-up at EPA right now. I was wondering if you could verify this and if we can do anything to speed this process along. I have attached Congressman Shuster original letter of inquiry to the Army and their response indicating a hold up within EPA. If you have any questions, please feel free to give me a call.

Thank you,
Melissa
